Native Planting Improvements

Concept Design Package

7/11/2023

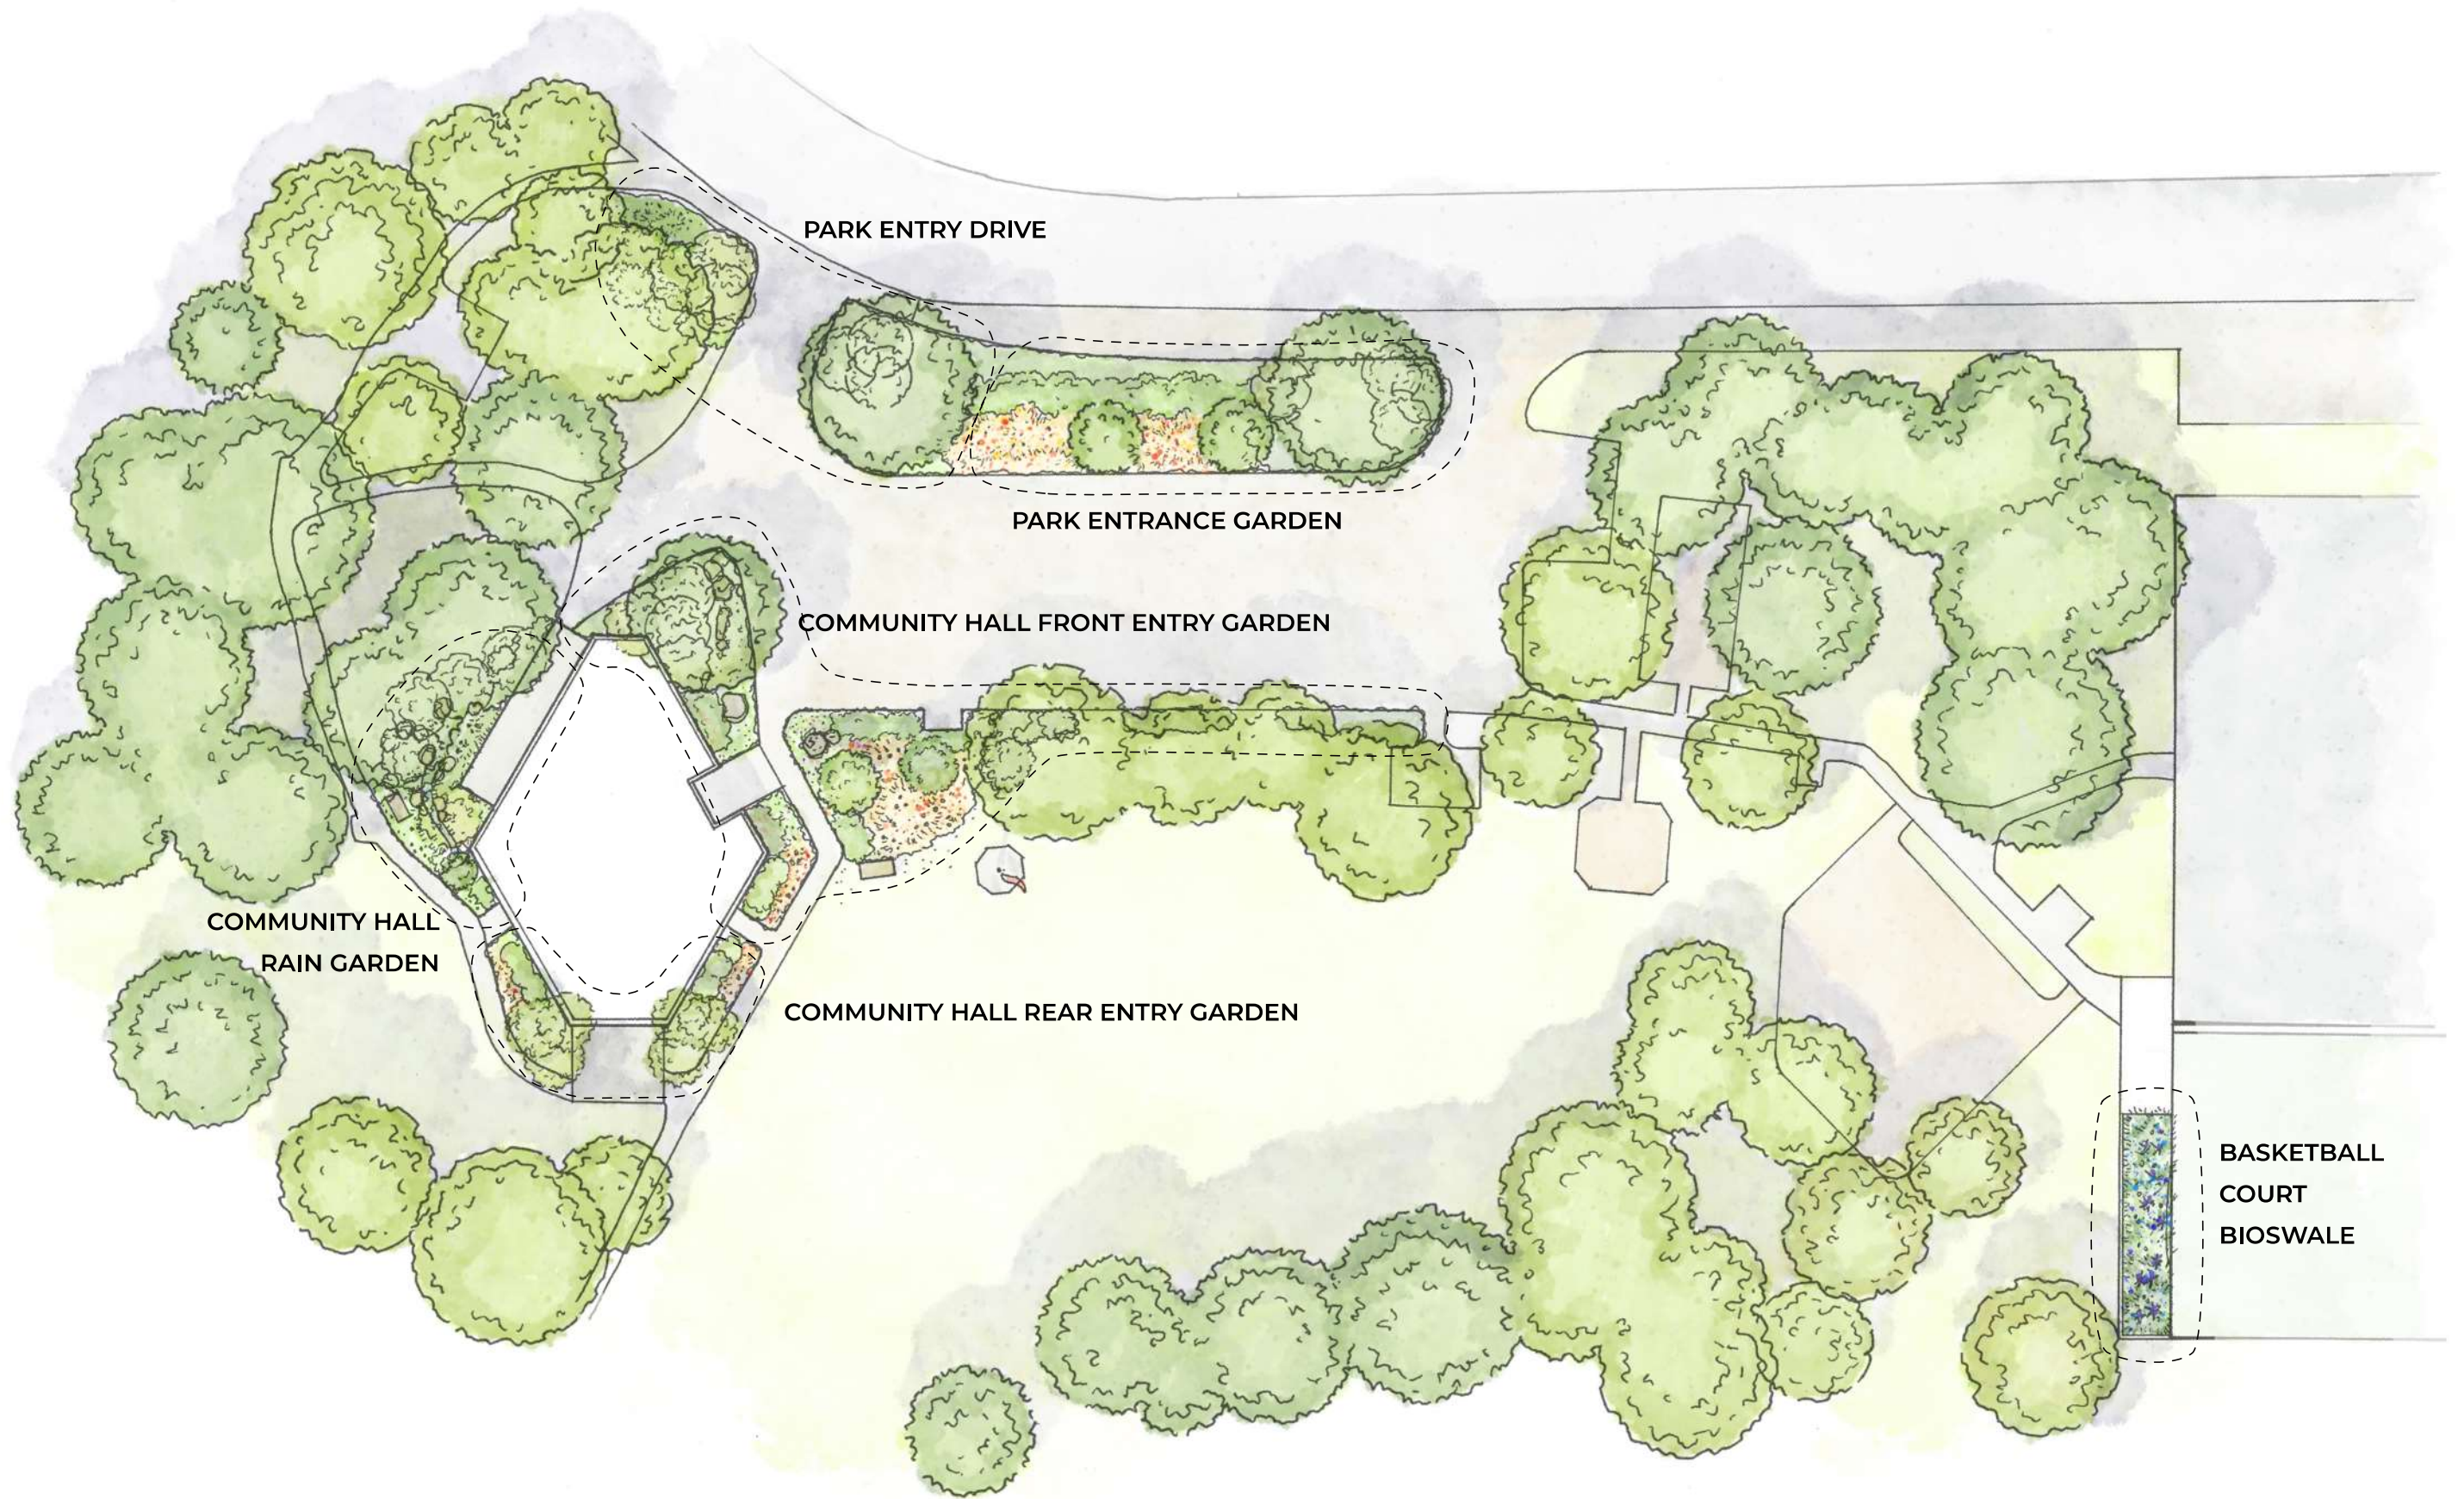

Table of Contents

Site Plan	2
Community Hall Complex	3-7
Rain Garden	8-10
Bioswale	11-12
Entrance Garden	13-15
Entry Drive	16-18

Project Goals

- Demonstrate the value of native planting in public parks, with benefits such as ecological habitat creation, drought tolerance and resource conservation, visual aesthetic improvement, and public outreach and education.
 - Use a plant palette that draws from local natural areas for inspiration, including riparian edges, mixed conifer forest, upland prairie and forest edge habitats.
 - Incorporate natural materials such as nurse logs, puddle stones and bare soil patches for a greater diversity of micro-climates, as well as education about habitat features beyond vegetation.
- Skew plant selection towards species that develop drought tolerance once established and grow robustly over time.
 - Use a selective and minimal palette of native plants for a clear and legible design that is appropriate for an ornamental landscape. This also reduces the complexity of ongoing maintenance operations, with a clear design intent and fewer species to identify and maintain.
 - Include a majority of evergreen plant species for year-round interest and structure, as well as early, mid, and late season flowers for successional bloom times.

Community Hall Rear Entry Garden
Concept Plan Illustration

Vine Maple
Acer circinatum

Nodding onion
Allium cernuum

Red columbine
Aquilegia formosa

Manzanita
Arctostaphylos 'Dr. Hurd'

Kinnikinnick
Arctostaphylos uva-ursi

Showy milkweed
Asclepias speciosa

Deer Fern
Blechnum spicant

Romer's Fescue
Festuca idahoensis ssp. roemerii

Blanket Flower
Gaillardia aristata

Salal
Gaultheria shallon

Creeping Oregon Grape
Mahonia repens

Oregon Oxalis
Oxalis oregana

Licorice Fern
Polypodium glycyrrhiza

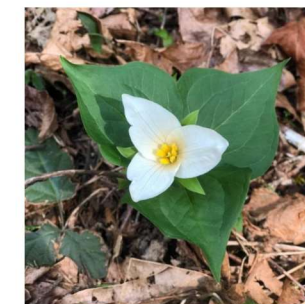

Sword Fern
Polystichum munitum

Western Azalea
Rhododendron occidentale

Fringecup
Tellima grandiflora

Western Trillium
Trillium ovatum

Yellow Wood Violet
Viola glabella

Community Hall Front Entry Garden

Concept Planting Palette

Yarrow
Achillea millefolium

Nodding onion
Allium cernuum

Western Serviceberry
Amelanchier alnifolia

Showy milkweed
Asclepias speciosa

Western Spicebush
Calycanthus occidentalis

Sea Daisy
Erigeron glaucus

Oregon Sunshine
Eriophyllum lanatum

Romer's Fescue
Festuca idahoensis ssp. roemeri

Creeping Oregon Grape
Mahonia repens

Sword Fern
Polystichum munitum

Community Hall Rain Garden

Concept Perspective Illustration

Community Hall Rain Garden
Concept Plan Illustration

Spreading Blue Rush
Juncus patens

Vine Maple
Acer circinatum

Kinnikinnick
Arctostaphylos uva-ursi

Lady Fern
Athyrum filix-femina

Chamisso sedge
Carex pachystachya

Red Osier Dogwood
Cornus sericea

Kelsey's Dwarf Red Osier Dogwood
Cornus sericea 'Kelsey'

Common Rush
Juncus effusus

Twinberry
Lonicera involucrata

Creeping Oregon Grape
Mahonia repens

Oregon Oxalis
Oxalis oregana

Sword Fern
Polystichum munitum

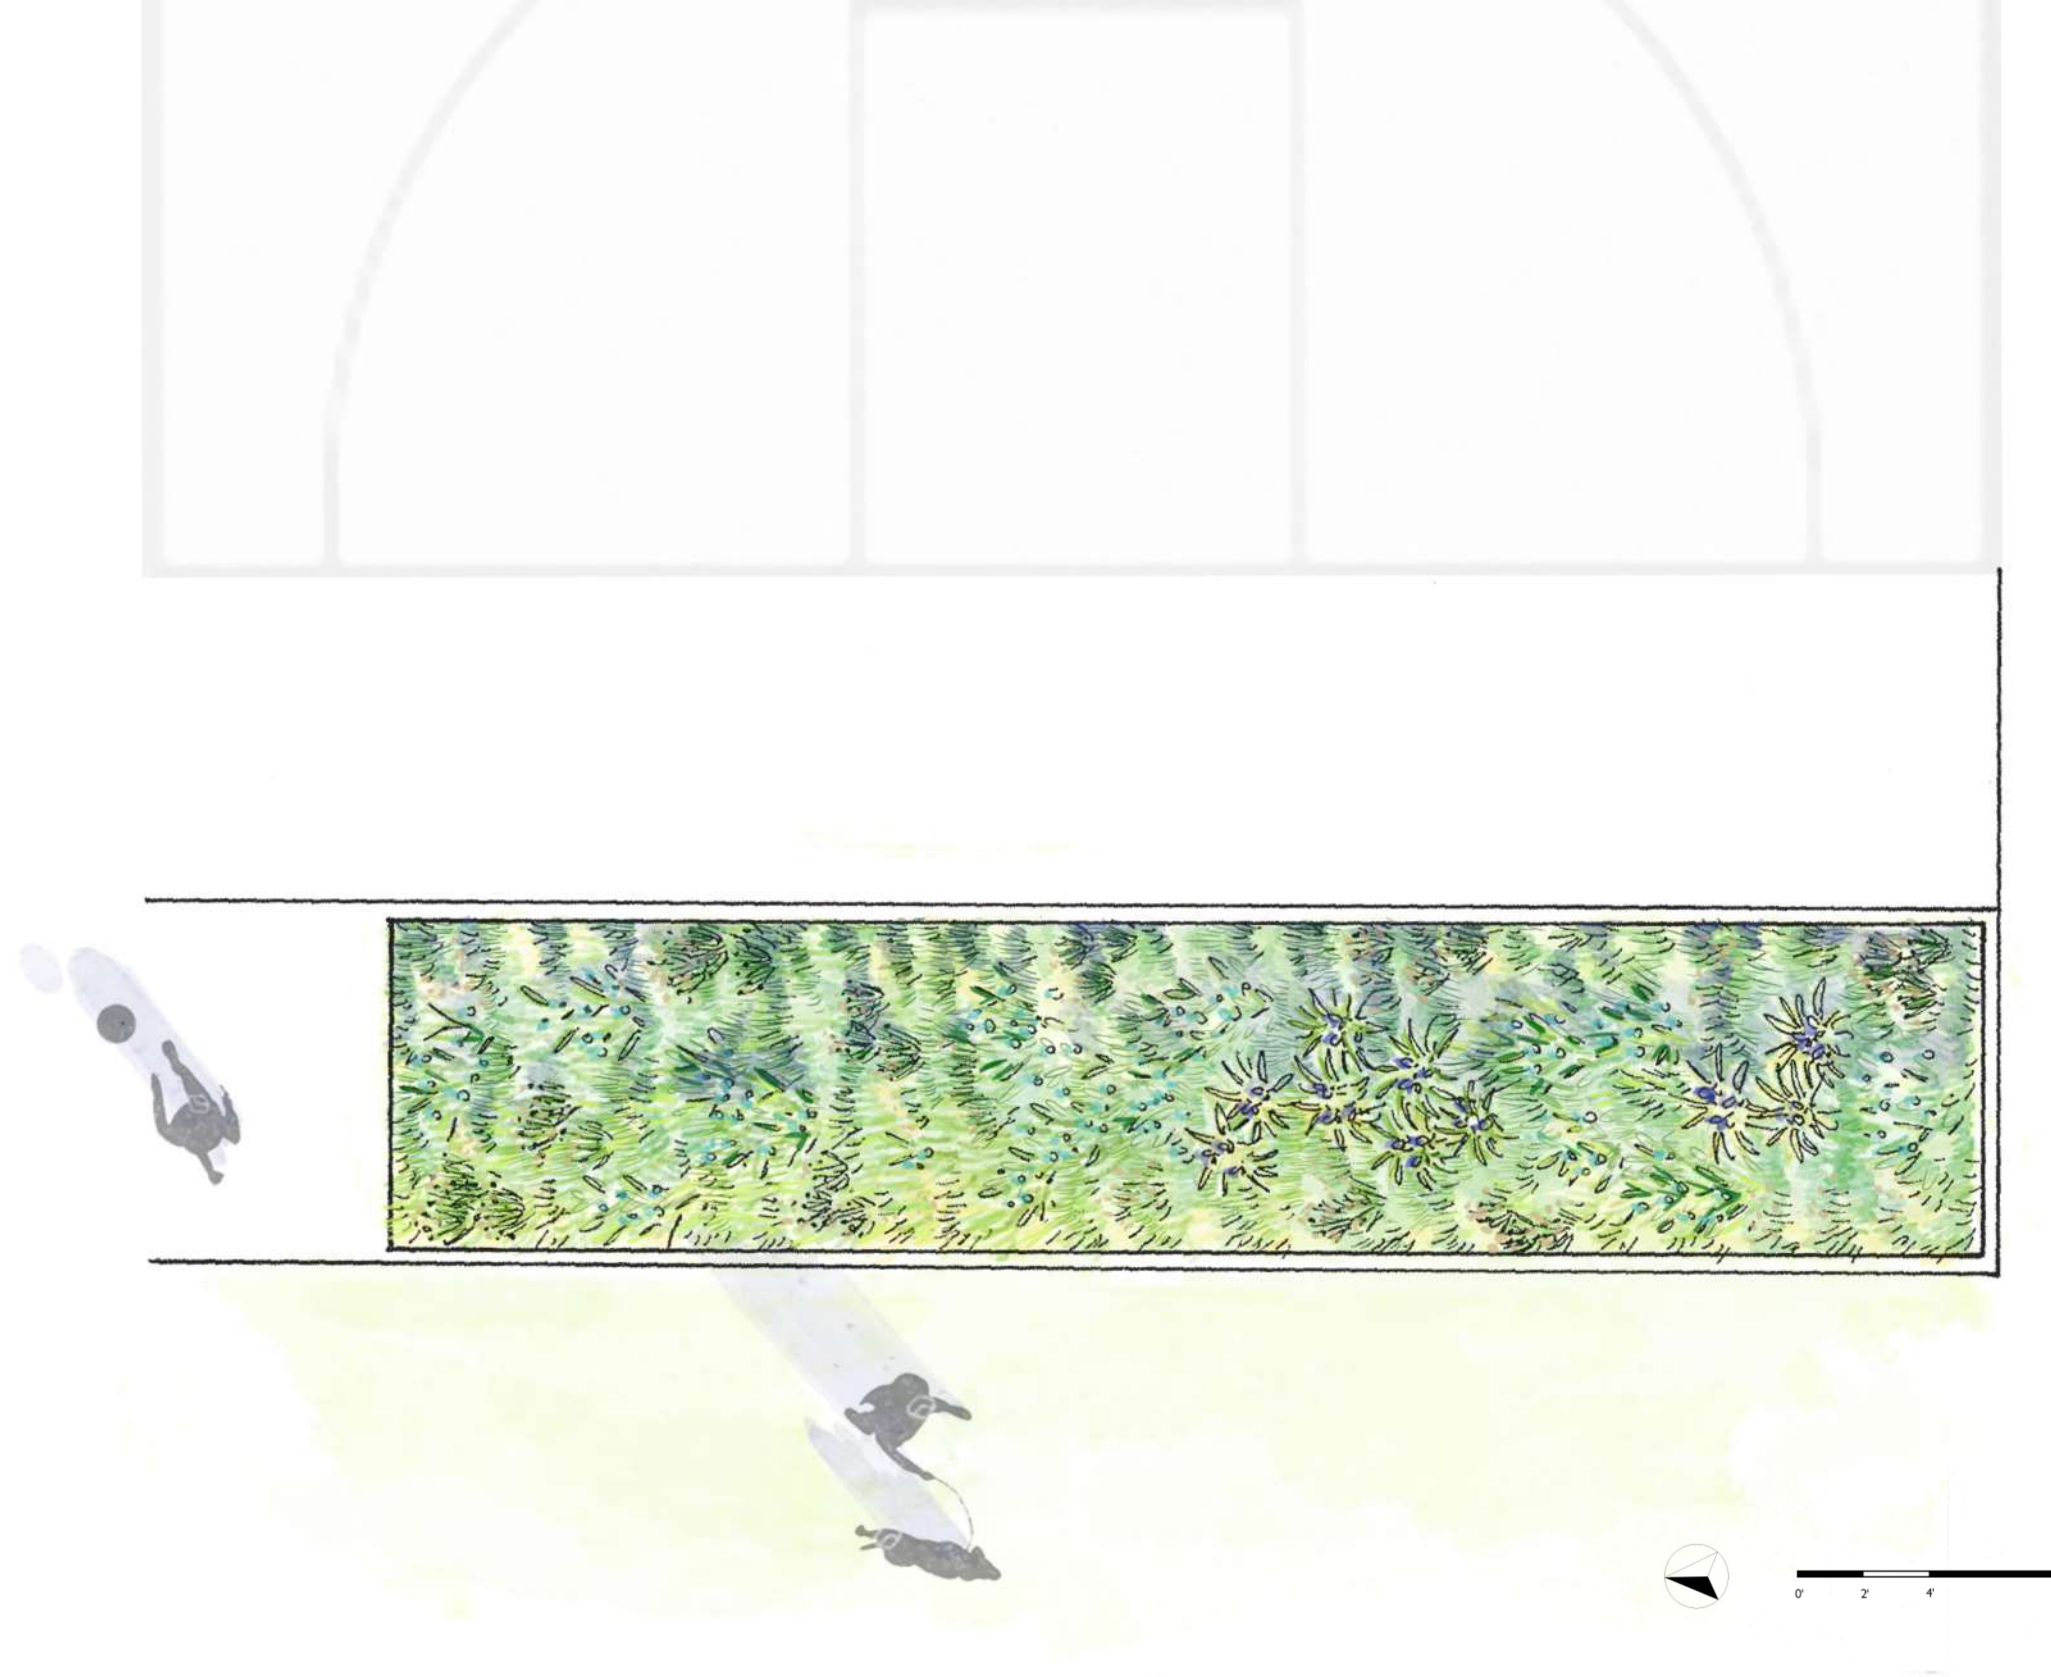

Thimbleberry
Rubus parviflorus

Fringecup
Tellima grandiflora

Yellow Wood Violet
Viola glabella

Basketball Court Bioswale
Concept Plan Illustration

Leichtlin's Camas

Camassia leichtlinii

Douglas Iris

Iris douglasii

Common Rush

Juncus effusus

Spreading Blue Rush

Juncus patens

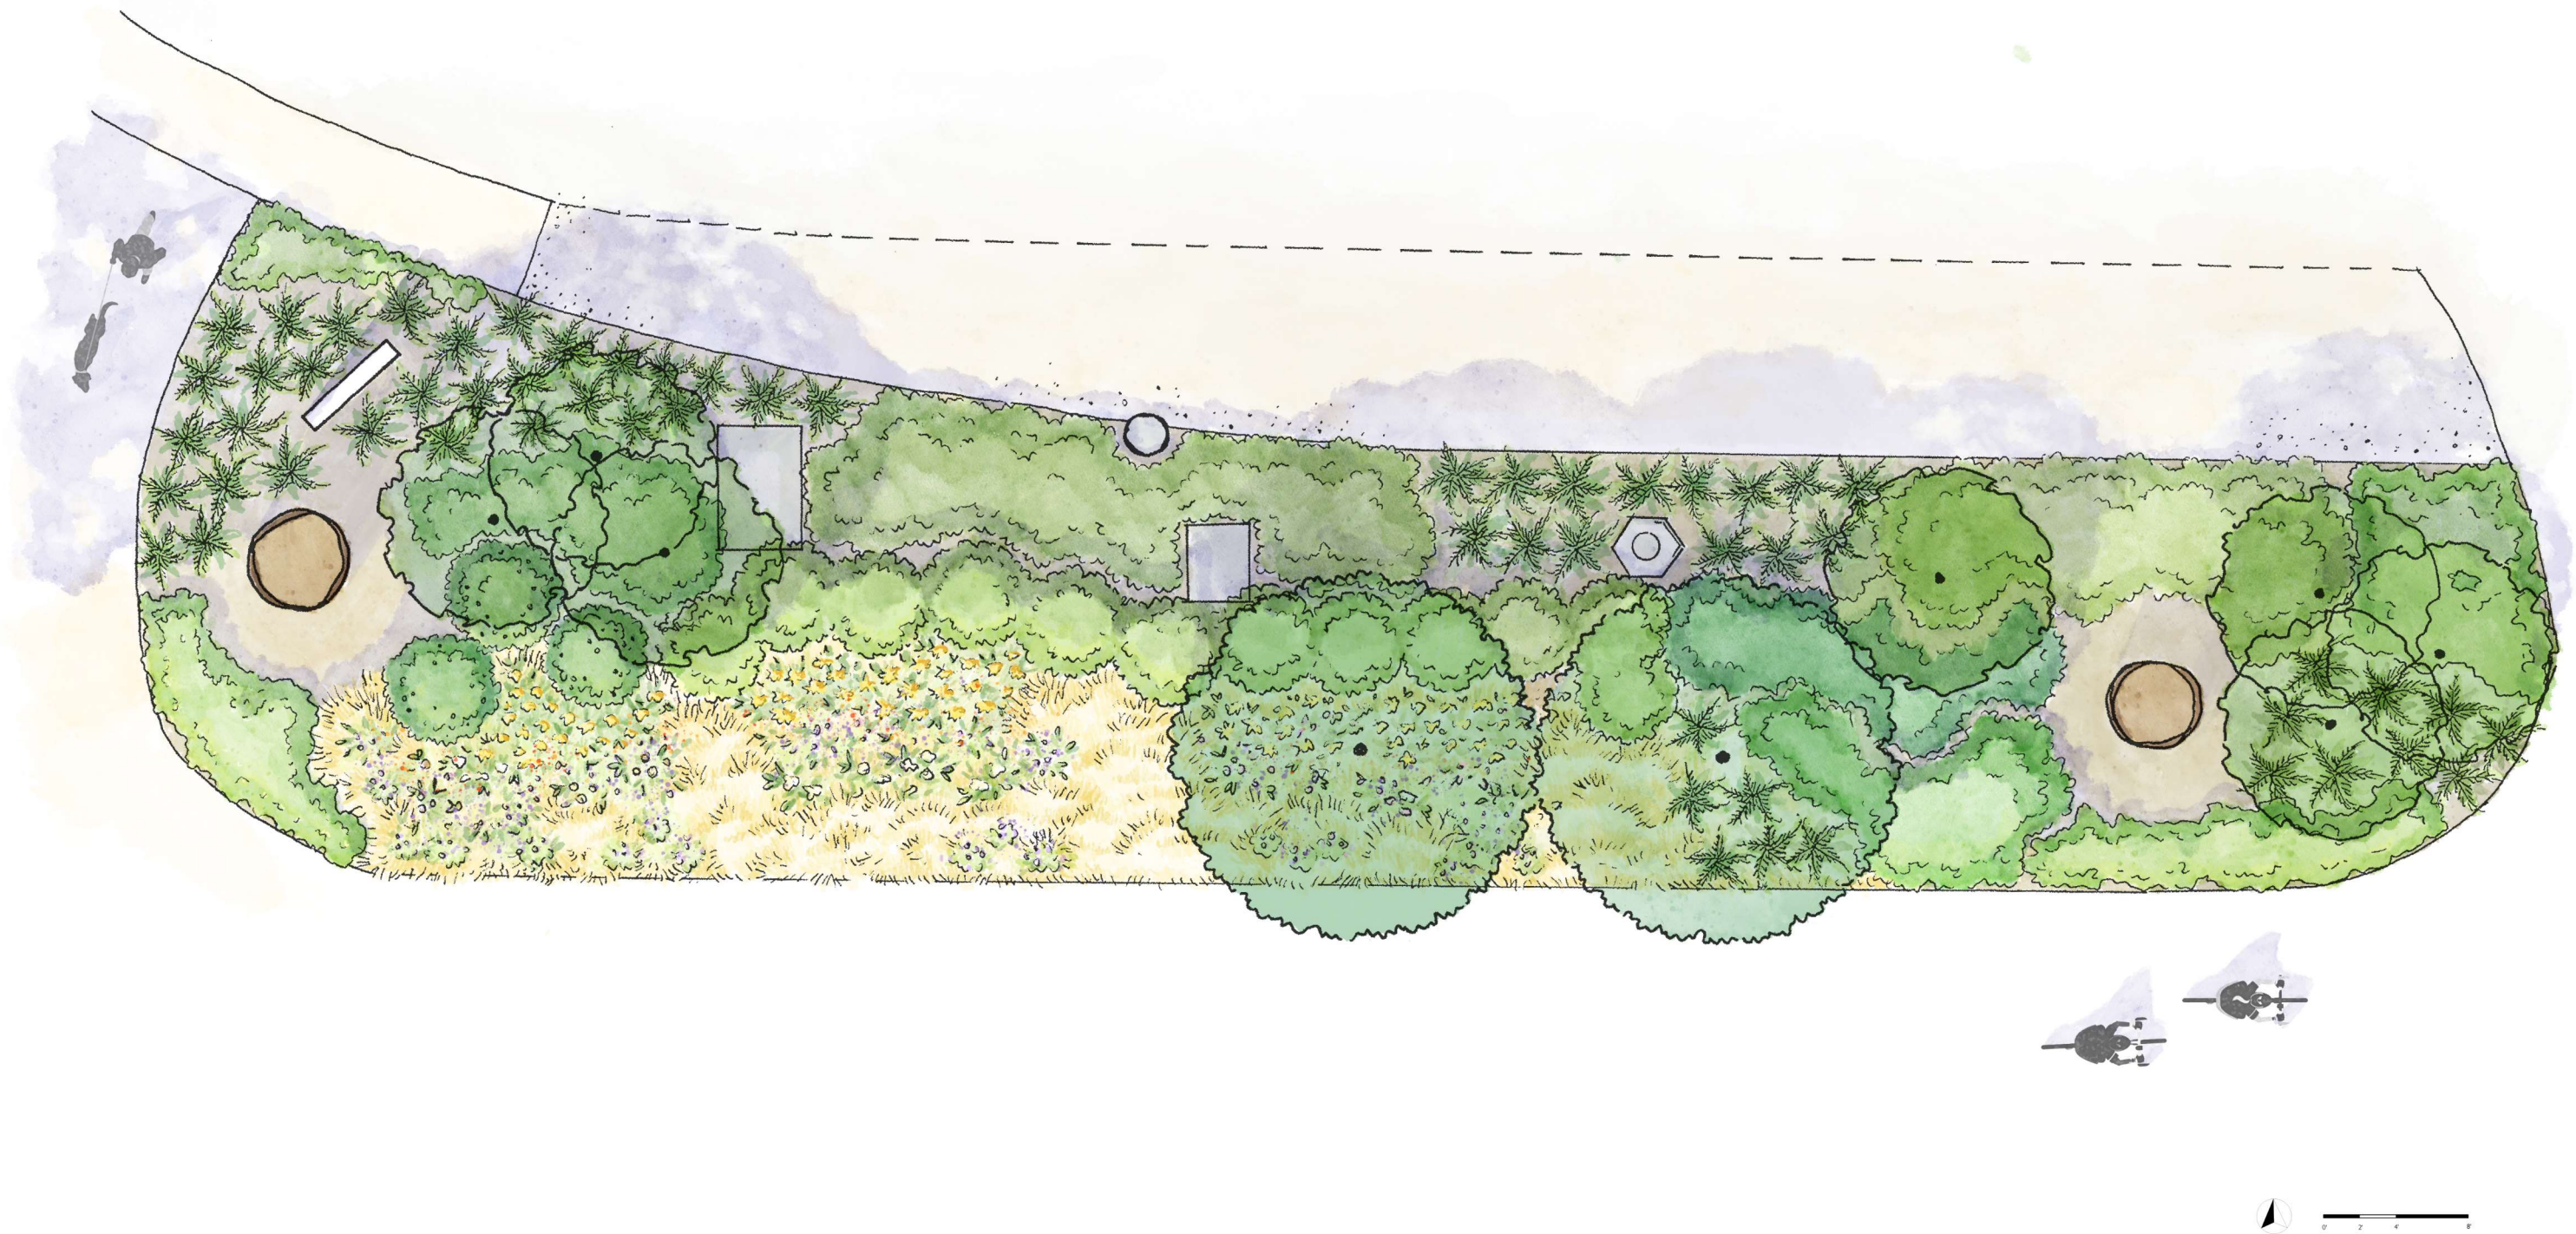

Slender Rush

Juncus tenuis

Vine Maple
Acer circinatum

Pearly everlasting
Anaphalis margaritacea

California Lilac
Ceanothus thrysiflorus

Sea Daisy
Erigeron glaucus

Oregon Sunshine
Eriophyllum lanatum

Romer's Fescue
Festuca idahoensis ssp. roemerii

Tall Oregon Grape
Mahonia aquifolium

Creeping Oregon Grape
Mahonia repens

Sword Fern
Polystichum munitum

California Coffeeberry
Rhamnus californica ssp. occidentalis

Thimbleberry
Rubus parviflorus

Canada Goldenrod
Solidago canadensis

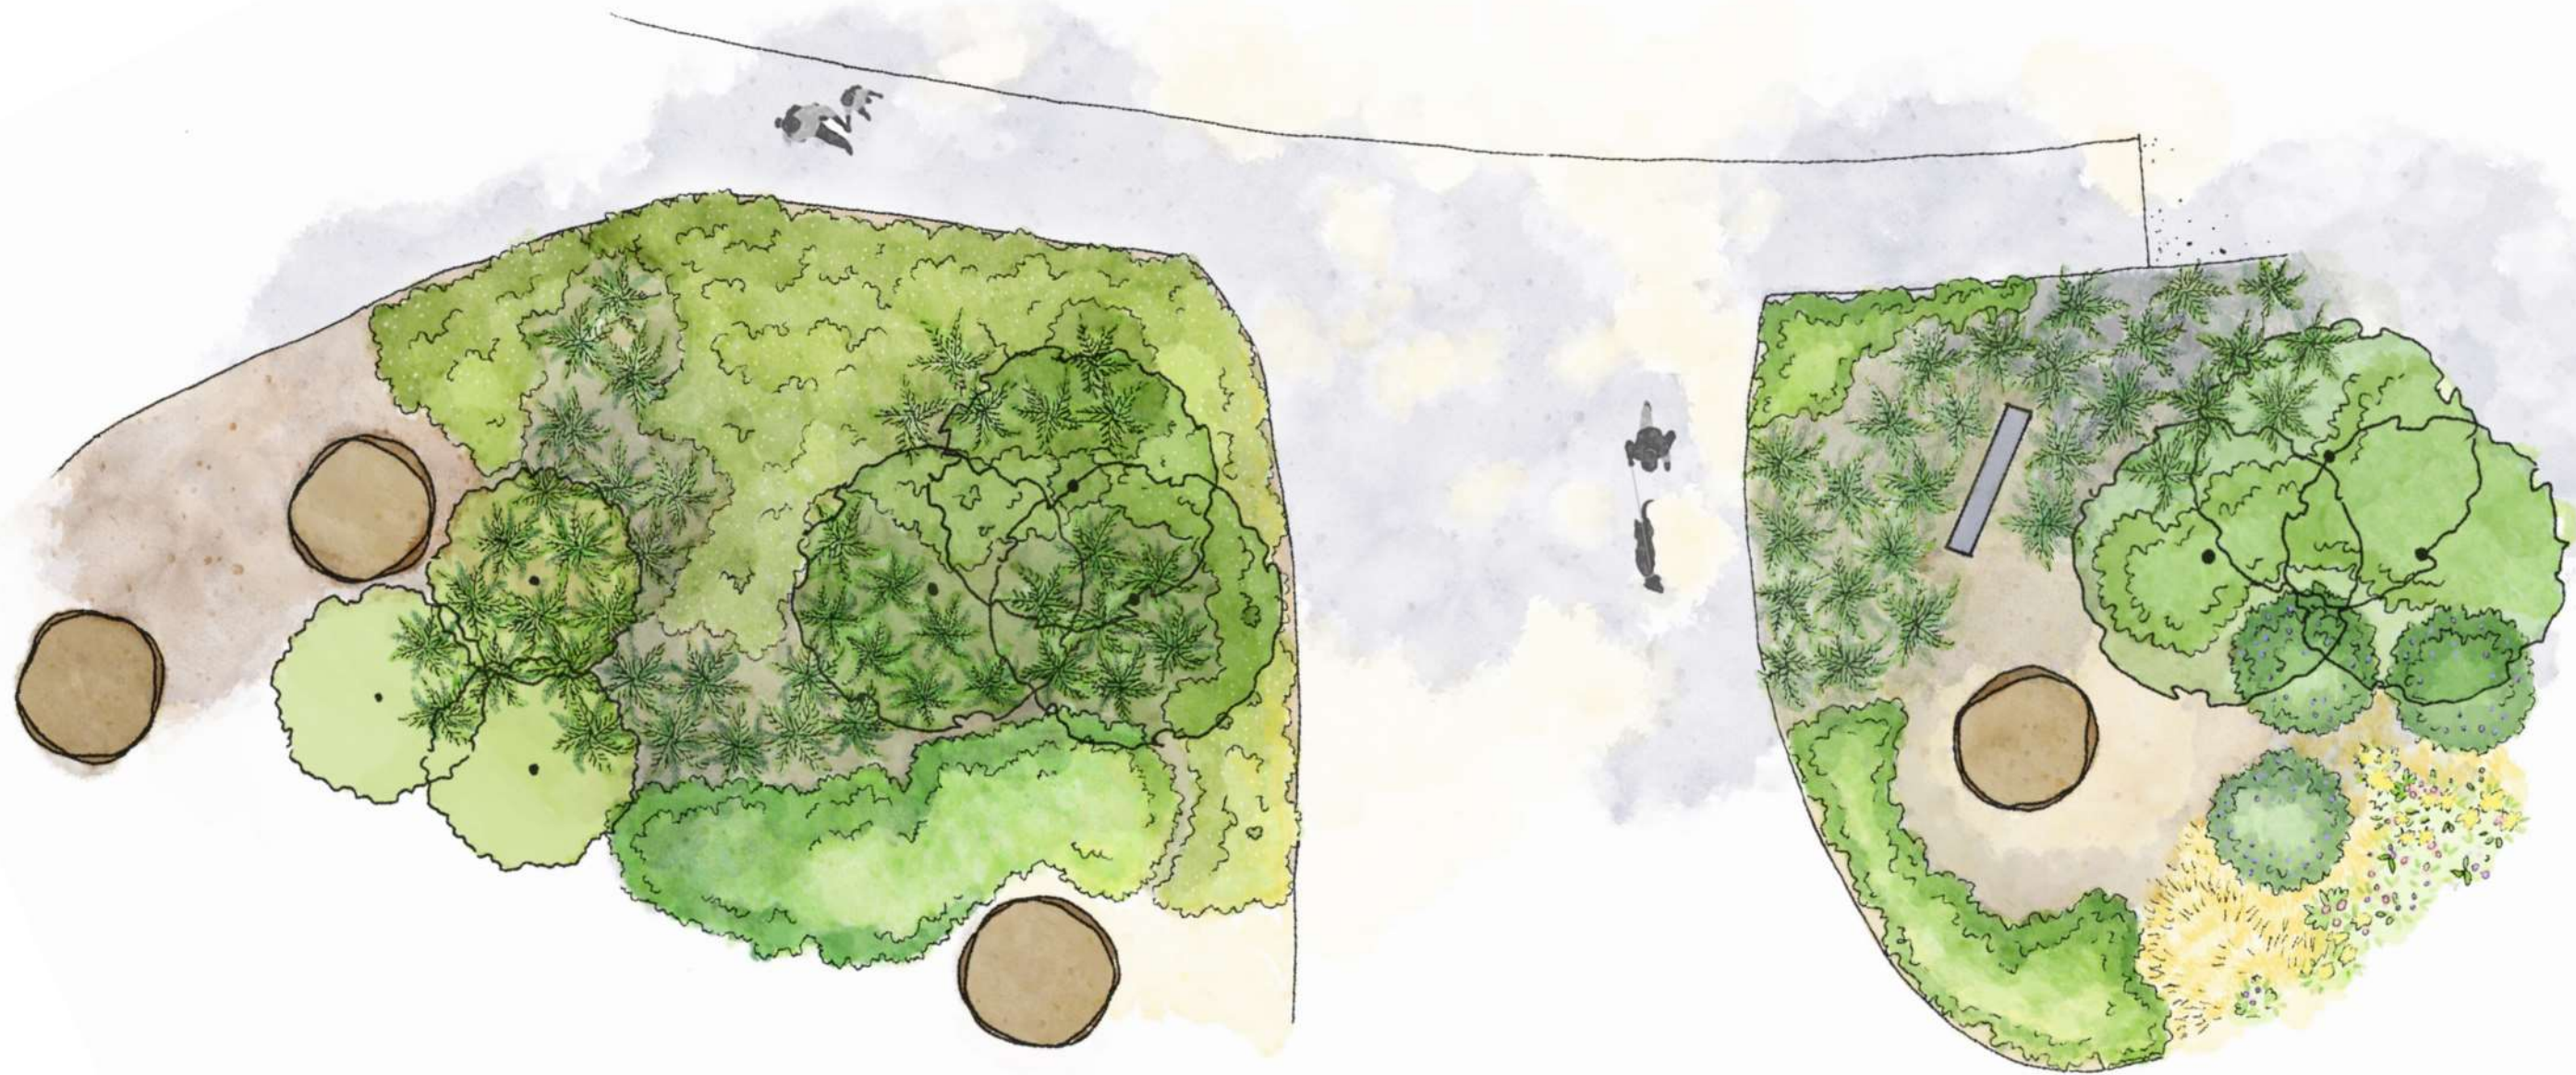

Snowberry
Symphoricarpos albus

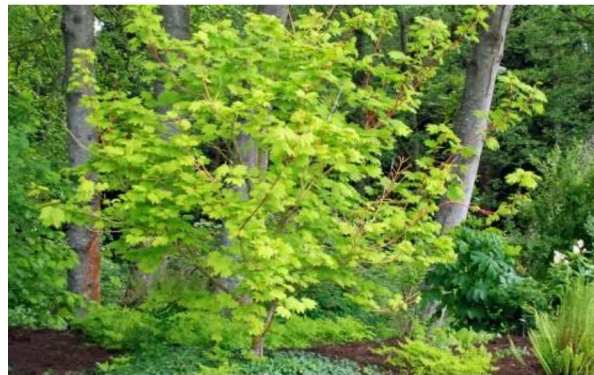

Douglas Aster
Symphyotrichum subspicatum

Park Entry Drive
