

FARMERS MARKET GRANT PROGRAM

Guidelines and Application Instructions

The Tualatin Soil and Water Conservation District's (Tualatin SWCD) Farmers Market Grant Program awards grants up to \$5,000 per market location for projects and events that promote conservation and support local food systems through community farmers markets in Washington County. Successful project applications are those that encourage community and vendor participation in market events, educate the public on conservation or agricultural topics, and/or make local agricultural products accessible to diverse demographics.

Applications are due by 11:59pm on December 31st of each year. Funds for awarded proposals are provided up front to the applicant.

WHO WE ARE

The Tualatin Soil and Water Conservation District is a non-regulatory unit of local government. We work with members of the Washington County community to implement sustainable solutions to conserve and enhance natural resources. Our mission is to provide technical assistance, financial assistance, and education in order to create a sustainable, productive, and healthy environment for the Washington County community.

ELIGIBLE APPLICANTS

To be eligible for Farmers Market Grant Program funding, the applicant must operate a farmers market located in Washington County. For the purposes of this grant program, a farmers market is where multiple local farmers sell fruit, vegetables, meat, cheese, bakery products, and other agricultural products directly to consumers. The market must be owned and operated by a local organization, not by one or more farmers or vendors. An organization is eligible for one grant per market location.

PROJECT CRITERIA

To be eligible for Farmers Market Grant Program funding, the proposed project must address one or more of the following criteria:

- Increase community participation in market events
- Increase the number of vendors over previous years
- Educate the public on a conservation-related topic (e.g., food production, gardening, water use, soil health, food quality)
- Make healthy, fresh agricultural products accessible to all demographics of the county (e.g., matching funds from SNAP or other assistance programs).

FUNDING DETAILS

The maximum funding amount is \$5,000 per market location. Full payment will be made by Tualatin SWCD in February of each year after completion of the grant agreement. Funds can be used toward matching other market funds. Funds cannot be used for project expenses incurred before the funding agreement is in place (signed by both parties).

Payments totaling \$600 or more in a calendar year may be considered by the IRS to be reportable income. Applicants who receive Tualatin SWCD funding will be required to complete an IRS W-9 form. If applicable, Tualatin SWCD will report the income to the IRS and to the applicant on a 1099-MISC form. The applicant should consult a tax advisor regarding income reporting requirements and whether project-related expenses may be included as deductions on the applicant's tax returns to offset this income.

AWARD ACCEPTANCE REQUIREMENTS

Notice of award is provided to applicants by February 1st of each year following receipt of the application the previous December.

If your proposal is awarded, the decision will be formalized with a written grant agreement that will include Tualatin SWCD and grantee responsibilities and a description of the project.

The applicant agrees to provide public recognition of Tualatin SWCD's support, which may include: signage, mention on the applicant's website or newsletter, listing of Tualatin SWCD as a sponsor on brochures, verbal announcement at the event, or in another form as appropriate.

The applicant must send Tualatin SWCD a brief written report and photos following the project/event describing the activity, accomplishments, and how the funds provided support. A template for the final report will be provided by Tualatin SWCD. If the applicant was awarded a grant in the previous funding cycle, their final grant report must be received before they will be considered eligible for a grant in the next funding cycle.
